WARREN COUNTY SCHOOL DISTRICT
PLANNED INSTRUCTION

COURSE DESCRIPTION

Course Title: Food Service Production and Management (Institutional Food Worker)
Course Number: 00906 AM and 00956 PM
CIP # 12.0508

Course Prerequisites: It is the recommendation that a student successfully complete 6 credits upon entering as a sophomore and 13 credits if entering as a junior. The student will begin at level one and sequentially move through to level three. All students are expected to adhere to the established safety and dress procedures. Students will be expected to wear the proper uniform, shoes and hairnets. Restrictions in dress include, but are not limited to jewelry of any kind. A student must also be able to understand and perform all safety regulations.

Course Description:
The food production and management program is an instructional program that prepares students for employment and/or post-secondary training related to commercial, institutional, and other food industry occupations at entry level. Instructional and specialized learning experiences include: theory and applications related to planning, selecting, purchasing, preparing (cooking and baking), nutrition, and serving of quality food and food products. The students will learn the use and care of commercial equipment, hotel restaurant institutional management, HACCP-Hazard Analysis, the Critical Control Points Program, and the students will earn their Food Safety certification Training (Serve Safe). Practical experience is a major part of the course through the operation and management of a complete restaurant and kitchen facility. Upon completion of this three-year program, students will be prepared for entry-level positions in the food service industry or hotel restaurant industry or advanced study at a culinary institute or college.
